

# The top 76 most expensive Amiga games sold on eBay

Written by dreamkatcha. Any related videos, as always, can be found on my YouTube channel.

None of this would have been possible without the fantastic resources generously provided by immensely talented emulator authors, and communities such as Hall of Light, Lemon Amiga, Lemon 64, World of Spectrum, Moby Games, World of Longplays and Recorded Amiga Games. Thank you for your tireless dedication to preserving the history of gaming.

---

Have you ever wondered which Amiga games fetch the most moolah at auction, or which developers are the most collectable? I've mined the data and the results are in...

The countdown below is a snapshot of what's happening right now in the realm of Amiga game collecting to give you a rough idea of how much you should expect to pay for the most popular titles. *Some* of them may even work, but 'bit rot' is a topic for another day.

First I must qualify the list with a bit of small print so there's no misunderstanding...

\* My list is based on the top bids placed on *auction* listings over the last 4 months. It doesn't include 'buy it now' sales because these can skew the perceived level of interest and value. It's not a definitive list of the most desirable and therefore expensive Amiga games ever, ever, ever,

obviously because the really rare ones only show up once in a blue moon, and I can't rummage back to infinity and beyond.

<u>Rank</u>	<u>Game</u>	<u>Developer</u>	<u>£</u>	<u>Bids</u>	<u>Date</u>	<u>Country</u>
76	Sword of Sodan	Discovery Software	30.00	1	25/01/2016	England
